RegScale serves as a transformation catalyst that allows our clients to take back control and secure their future in the next generation digital economy. We service highly regulated industries to include energy, healthcare, finance, and government with a focus on cyber security and a proprietary digital transformation approach that blends ART and SCIENCE.

**Travis Howerton, Co-Founder & CEO of RegScale**  
[thowerton@regscale.com](mailto:thowerton@regscale.com)

The IT Company provides outsourced IT services to businesses in Knoxville. We are committed to partnering with businesses to help them leverage the power of technology, to achieve stronger business outcomes. We do so through three main pillars: reducing the number of technical issues, making them a really hard target for cyberattacks, leveraging the technology to get the most out of what they have and be as efficient and effective as possible.

**Todd Mason, Sr. Business Development for The IT Company**
